
Employment Opportunities

Construction Administrator – Richmond and Charlottesville Area

Thompson Consulting Engineers is a 38-person consulting engineering firm located in the Tidewater area of Virginia (Hampton). Our firm has been in business since 1954. Our services include mechanical, electrical, plumbing and fire protection design. We also provide construction administration and commissioning services. We work as a prime consultant and as a sub-consultant to our Architectural clients.

We are seeking a Construction Administrator with a BS degree in Mechanical Engineering and a minimum 1-2 years of experience. The position requires experience with the administration of HVAC, Plumbing, Electrical, Auxiliary Systems and Fire Protection construction to perform contract monitoring and construction observations. Commissioning experience is a plus.

This person will telecommute, providing construction administration services on projects located in the Richmond and Charlottesville area. Limited travel to our Hampton office is anticipated.

Thompson Consulting Engineers provides a challenging and rewarding environment for personal and professional development, with exposure to many different aspects of design and design-build projects. We offer competitive salaries and excellent benefits, including health and dental insurance, and employer contribution to 401K plan.
